HOCKENSMITH HOME IS SWEEPED BY FIRE SUNDAY

Damage was estimated at \$9,000 Sunday afternoon when the home of Mr. and Mrs. John L. Hockensmith, Gettysburg R. 5, near Square Corners, was swept by fire.

Seven fire trucks, from Bonneauville, Centennial, McSherrystown and Midway responded to the alarm. Mr. and Mrs. Hockensmith were away from home Sunday afternoon visiting a son and daughter-in-law, Mr. and Mrs. Raymond Hockensmith, Gettysburg R. 5. When they returned home about 2 o'clock they found their home ablaze.

Short Of Water

Fire companies had already reached the scene however. A son and daughter-in-law, Mr. and Mrs. Leo Hockensmith, Gettysburg R. 5, had gone to visit the daughter-in-law's parents, Mr. and Mrs. John Moore, Gettysburg R. 5, who reside near the home of Mr. and Mrs. John Hockensmith. Mrs. Leo Hockensmith, glancing out the window at her parent's home, noted smoke billowing from the John Hockensmith house a short distance away and called the Bonneauville Fire Company. Two young women driving by the house at about the same time saw smoke and drove on to notify the Centennial Fire Co.

With water scarce on the Hockensmith farm, the other companies called in McSherrystown and Midway to assist. Water was pumped a quarter mile to the blazing structure from a farm pond on a neighbor's farm. Firemen reported difficulty in getting to the pond which had been constructed for soil conservation purposes and was planted with trees on its rim.

SAYS NEIGHBOR IS TRESPASSING ACROSS HIS LAND

Adam Micum, Darby, Pa., has asked the Adams County court to stop Oliver Spence, Fairfield, from using his land for a road to Spence's logging property in Hamiltonban Twp.

Micum, through Attorney Eugene Hartman, has brought an action in equity to halt what he states is a trespass across his land.

In papers filed with the prothonotary Micum states that he is the owner of a 76-acre property adjoining Spence.

He claims Spence sent men and machinery onto his land and built a 10-ft. wide roadway across Micum's land to property of Spence where the latter is carrying on lumbering operations.

Micum claims he put logs across the road and put up no trespassing signs. Spence and his men continue to use the roadway.

Micum accuses Spence of "ruining the beauty of the place and disturbing the plaintiff with the noise of the defendant's operations."

Other Actions
In other papers filed with the prothonotary Saturday a stipulation of counsel was filed in the action in assumpt brought by Park and Pollard Co. against Luther D. Cluck, by which the date for filing of pleadings is extended for 30 days.

A motion for a more detailed complaint was filed by Attorney John A. MacPhail for Goldsmith in the action brought by John H. Basehore, Gettysburg, against Roy E. Goldsmith, Gettysburg. Basehore claims Goldsmith owes him various insurance premiums. The request asks more details as to the policies and premiums.

Expect Cement Strikers To Approve New Contract Today

ALLENTOWN, Pa. (AP)—A major break in the crippling nationwide cement strike appeared imminent today with employees of the Atlas Cement Co.—a major producer—expected to vote approval of a new contract today.

Tentative agreement on the contract, which could form the basis for agreement across the country, was reached Saturday night by officials of Atlas and the United Cement, Lime and Gypsum Workers Union.

While the agreement affects only the Atlas plant at nearby Northampton, employing 350, it was regarded as forming the basis for a new contract for Atlas employees in five other company plants at which the United Cement Workers are bargaining agents.

The nationwide strike began May 15 with a walkout in a few scattered plants and spread until some 16,000 workers in 70 of the 140 plants producing cement were idled. It cut production about in half and brought a halt to hundreds of millions of dollars in construction contracts.

The Atlas agreement, and one

were known dead. No U.S. citizens were among them.

A young mother was rescued alive from beneath seven feet of crumbled debris of a five-story apartment building at Concepcion today, Mrs. Osio de Angular, 25, was saved by the mattress under which she was found 28 hours after the quake. Her husband, 10-month-old daughter, and her father lost their lives.

Thirty-two bodies were taken from collapsed buildings in Mexico City. Eleven other persons perished in the southwestern state of Guerrero. Three of these were in Acapulco, six in the state capital, Chilpancingo, and two in nearby towns.

The President's office said the governor and chief of the military zone of the southwest state of Michoacan denied reports there were any dead in that area. An earlier report had said there were 72 dead in that state.

The casualty reports were believed fairly complete, but authorities pointed out that remote area might still be heard from.

Brooklyn Woman Injured

The only foreigner reported injured was a woman tourist from Brooklyn, Mrs. Sarah Dorfman. She suffered cuts on the arm from broken glass in her hotel room.

The quake hit this capital of four million at 2:40 a.m. yesterday, seismograph needles spinning. The city was plunged into darkness. Fire engines and ambulances screamed through the rubble-strewn streets. Communication lines were cut.

COUPLE CLAIM \$500 NOTE WAS RAISED TO \$1,850

James H. and Charlotte R. Waite, Gettysburg R. 4, claim J. Clair Ford, also of R. 4, raised a note on them according to a petition for a rule to open and satisfy a judgment filed with the prothonotary.

According to the petition the Waite claim that on November 18, 1953, they signed a note for \$500 for the Farmers' and Merchants' Bank of New Oxford, and that the "only purpose" of the note and their signature was to permit Ford to secure \$500 from the bank.

They outlined several renewals, the last in 1956 and said the \$500 note by that time was down to \$333.70.

They claim, according to their petition, that they later signed a blank note intending it to be a renewal of the original \$500 note. They then found judgment against them in the amount of \$1,850 on March 1, 1957, the petition states.

Deny Owing \$1,850

They further claim that they do not owe \$1,850, and that at no time did they authorize Ford to raise the amount of the note and that the raising of the note "constitutes a fraudulent and material alteration of said note."

The court handed down a rule against Ford to show cause why judgment should not be opened and to show cause why judgment should not be satisfied as of record, with the rule to be returned August 26.

Action was taken Saturday on an old case in court. Elizabeth M. Finney entered a trespass action against G. C. Murphy Co. in August, 1955, apparently as a result of an accident there. Saturday an interrogatory was filed in the case by Attorney Eugene R. Hartman asking the Murphy Co. to state whether any pictures were taken of the aisle where the accident occurred, the width of the aisle, lighting and clerks in the store in 1954 when the accident occurred, etc.

Three persons were injured and damage totaled \$4,795 in five auto accidents investigated by state police from the Gettysburg sub-station over the weekend.

As he did so, according to police, he turned in the path of a 1929 Marquette convertible driven north by Maurice Palmer, 41, York. CAIRO MIX-UP ON NEW YEAR

CAIRO (AP)—Egyptians still are uncertain whether they should have wished each other a happy New Year yesterday or today.

The Moslem New Year 1377 was scheduled to begin yesterday. But religious leaders Saturday night failed to spot the new moon, which should have ushered in the first lunar month of the year.

Egypt's Moslem Mufti, Sheikh Hassan Maamun, hastily issued a notice postponing New Year's Day for 24 hours.

Officials of the Helwan Observatory insisted, however, that the new moon actually appeared Saturday night, and so today is the second day of the new year.

"According to exact scientific calculations, the new moon appeared shortly after sunset for only two minutes," a member of the observatory staff said. "But it was invisible both to the naked eye and the telescope."

Government employees got both New Years days off. So did the observatory employees, despite their scientific calculations.

DIEFENBAKER, IKE MEET SOON

OTTAWA (AP)—A meeting soon between Prime Minister Diefenbaker and President Eisenhower to discuss Canadian-U.S. problems was almost certain after the week end visit to Ottawa of U. S. Secretary of State Dulles.

Diefenbaker told a reporter he now expects a meeting "sometime in the near future" of the joint Canada-U.S. Cabinet Committee on Trade and Economic Problems. The Prime Minister said the committee would meet in Washington. Since he also is a foreign minister, Mr. Diefenbaker would attend. While there a meeting with Mr. Eisenhower would be a virtual certainty.

Dulles in a statement said his talks with Diefenbaker and other Canadian Cabinet ministers covered "a wide range of topics of mutual interest to our two nations," including prospective zones for aerial inspection as part of a first-step agreement.

Diefenbaker was reported to have informed Dulles that Canada supports the idea of having the first inspection zone in the Arctic, including areas in Canada and Russia.

GMC TO LET GAO CHECK RECORDS

WASHINGTON (AP)—General Motors Corp. has agreed to let the General Accounting Office see all its books and records in connection with defense contracts.

As a result Rep. Hebert (D-La.) said today, it will not be necessary for his House Armed Services Investigating subcommittee to request the personal appearance of Harlow H. Curtice, General Motors president.

Hebert had intimated last week that the subcommittee would order a hearing for Curtice. Government auditors had told the group GM ignored GAO requests for company records on defense contracts being performed by its Cadillac division.

Hebert said he has been advised that GM "has receded from its previous position" and had agreed to make its defense records available upon request. He said Curtice also agreed to testify before the subcommittee if requested.

The National Seismographic Observatory said instruments indicated the resort town of Acapulco, 215 miles south of the capital, had borne the brunt of the shock.

No one could recall when so severe a quake had struck this sprawling metropolis. On the basis of the seismographs, Mexico City should have been in ruins and Acapulco almost totally destroyed.

Loss of life in Mexico City was limited because of the hour. By day, falling masonry and splintered glass would have caused thousands of casualties.

4 POWERS SIGN DISARMAMENT DECLARATION

BERLIN (AP)—The United States, Britain and France pledged today they will not sign any disarmament agreement that would "prejudice the reunification of Germany."

A declaration signed by the ambassadors of the Western Big Three and West German Foreign Minister Heinrich von Brentano stated that Germany can be reunified only after free elections are held in both parts of the country split by the Iron Curtain.

The big American-donated freedom bell sent its deep tones rolling over this divided city as the signing ceremony took place in city hall auditorium. Local representatives of all members of NATO except Iceland watched the signing. The freedom bell was donated by the Crusade for Freedom, a privately supported group in the United States, to symbolize the courage of West Berliners during the 1948-49 blockade of the city by the Russians.

Oppose Red Suggestions
The new call for a freely elected all-German government was in direct opposition to a Soviet-inspired plan put forward Saturday by East German Premier Otto Grotewohl. He proposed creation of a state federation between East and West Germany with establishment of a federal council which, however, would have only advisory powers.

Grotewohl's plan was unveiled the day after the Allies announced their intentions to sign the declaration, worked out by a French, British, West German and American study group on reunification that has been meeting in Western capitals.

Ready To Confer
Allied sources in Berlin said the declaration was designed to take the edge off any propaganda campaign which Soviet party chief Nikita Khrushchev and Premier Bulganin might set off during their visit to East Germany next month. The Allied declaration was signed in the West Berlin City Hall by Von Brentano and David K. E. Bruce of the United States, Sir Christopher Steel of Britain and Le Comte de Murville of France.

The Western three offered to meet with the Russians on the question of German unification "at any time that there is a reasonable prospect of making progress." But the Allies said, "If negotiations are to be fruitful, both sides must approach them in a spirit of accommodation and flexibility."

Will Give Assurance
They said they are prepared "as part of a mutually acceptable European security arrangement, to give an assurance that, in the event of a reunified Germany choosing to join NATO, they would not take military advantage as a result of the withdrawal of Soviet forces."
"But the Western powers could not contemplate that the existence of NATO itself should constitute the subject of negotiations."

James MARLOW Reports

The Associated Press

WASHINGTON (AP)—This week's Senate fight on civil rights involves voting rights. But the argument is on whether a person charged with contempt of court should be tried by a judge or a jury.

This is an ABC on it. The civil rights bill proposes that when someone interferes with individuals' voting rights, the attorney general can ask a federal judge to issue an order to stop it. The person disobeying can be charged with civil contempt or criminal contempt.

How Bill Works
Roughly, this is the difference: Charging a man with civil contempt is intended not to punish him but to make him comply with the court order while there is still time.

The criminal contempt charge based on willful disobedience is intended to bring punishment after it is too late to comply.

Say Registrar Jones stalls on obeying a court order to register 100 Negroes. The attorney general tells the judge. Election day is still weeks away. The Negroes could still vote if Jones registered them.

The judge tries Jones for civil contempt and, finding him guilty, slaps him in jail for an indefinite period. Jones can get out as soon as he says he will obey the court order and register the Negroes.

Criminal Contempt
But say Jones has stalled until after election day and that the attorney general then tells the judge. It's too late for the Negroes to vote now. The judge tries Jones now for criminal contempt.

If he finds Jones guilty, he sends him to jail with a definite sentence. Jones now can't get out by saying he'll comply. It's too late for compliance. The election is over. Jones is simply being jailed as a punishment for disobeying.

Southerners and their non-southern supporters, argue that a jury trial in a criminal action is so sacred that it must be guaranteed and preserved. The bill's supporters contend that a judge in voting rights cases should be able to try by himself and without a jury for both civil and criminal contempt. And for this reason:

The bill's purpose is to protect people's voting rights, not just to punish someone. Therefore its primary purpose is remedial and not punitive. But the judge should have the power, to strengthen the authority of his order, to punish anyone disobeying him.

Sultan's Troops And Loyal Tribesmen Pursuing Rebels

By TOM MASTERSON
MANAMA, Bahrain (AP)—An Omani communique said today troops of the Sultan of Muscat and Oman and loyal tribesmen are closing in on Omani rebels. The communique, issued in Muscat by a spokesman for Sultan Said bin Taimur, was released here by a British foreign office spokesman. It said:

"Some tribes are now moving with the support of the Sultan's forces to surround the rebels in mountain places in central Oman."

"Political and military action is now in preparation and will have rapid results which will bring the whole affair to an end."

"The rebels have now been enclosed in a small but difficult mountain area. Forces now surrounding them are reducing the area that the rebels hold and are making their position more difficult."

Hold Mountain Area
The rebels hold an area roughly 25 by 15 miles and it has been described as almost entirely rugged mountains.

The rebels, led by Imam Ghaleb bin Ali, who recently returned from Saudi Arabia, began the revolt 11 days ago in an attempt to set up an independent sultanate in Oman. CURB SPREAD OF GYPSY MOTH CATERPILLAR

HARRISBURG (AP)—The State Agriculture Department today credited state foresters with preventing possible spread of Gypsy moth caterpillar in Pennsylvania. Agriculture Secretary William L. Henning said the foresters three weeks ago noticed what appeared to be burned out area in Luzerne County.

On further investigation, he said the foresters discovered the leaves on trees on a 20-acre plot had been destroyed by the caterpillar.

Dr. Thomas L. Guyton, director of the Bureau of Plant Industry in the Agriculture Department said, enough egg masses were found in the Luzerne County area to "destroy 400 acres of trees next year if they were not discovered and left unchecked."

Extend Aerial Spraying

He said an aerial spraying program next May will include the Luzerne County area to kill newly hatched caterpillars.

Dr. Guyton said the destruction found was the worst he has ever observed since 1932 when Gypsy moth was first found in Pennsylvania.

He said the destruction in the 20-acre area was as bad as the 1953 and 1954 damage to woodlands in Massachusetts, reportedly to have damaged more than 2 million acres of timber at that time.

TRADING IS DULL

NEW YORK (AP)—The stock market developed an irregularly lower tendency in dull early trading today.

Leading issues fluctuated narrowly. The pattern was fairly divided among gainers and losers in a moderately active opening but the trend to the downside developed soon afterwards.

Veterans To Receive Bonus Forms After September 1st

By DICK HOENIG

HARRISBURG (AP)—Although the 1957 Legislature acted to give tardy World War II veterans another chance to obtain their state bonus the application lists won't be reopened for another month.

The deadline for applying for the maximum \$500 bonus was last Dec. 31 but for the fourth straight session the General Assembly amended the original bonus law to extend the application deadline.

However, the new law, signed July 8 by Gov. Leader does not become effective until Sept. 1.

Deadline Extended

On that date the new application deadline will become Dec. 31, 1958, and eligible veterans who have not received a bonus can once again send their applications to the World War II Compensation Bureau at Harrisburg.

"We have had about 175 inquiries asking for application forms this year," a bureau employee said. "But, of course, we couldn't do anything about them because until the new law is effective the deadline for applications has passed."

The bureau notified each inquiring veteran that legislation to extend the deadline was pending and after the Sept. 1 effective date of the new law the bureau said it will mail out the proper application forms.

See-saw Affair

Under the original 1947 bonus law veterans had to apply for the extra compensation by Dec. 31, 1950. The 1951 Legislature made the final date a year after that. Then the 1953 Legislature moved it back to Dec. 31, 1953. The 1955 session extended it from 1953 until 1956.

The current amendments were among the first bills introduced in the 1957 session. Sponsored by Rep. T. H. W. Jones (R-Montgomery) it did not clear the legis-

lature until a week before final adjournment.

Since March 17, 1950, when the first bonus checks were written, the records of State Treasurer Robert F. Kent show that 1,317,086 checks have been issued. Kent fixed the total payment at \$426,328,187.70.

Reports Balance

The state treasurer reports that there is a balance of \$1,432,785 in the bonus fund. When first authorized the state had the power to borrow 500 million dollars to pay the bonus. It borrowed only 440 millions.

Actual bonus payments have continued past last December's application deadline. ON March 1 some 194 checks for \$65,895 passed through Kent's office.

In addition, the bureau says that it still is processing a number of applications. In the last three years about 2,000 were received but close to 1,500 were from veterans who had already been paid their bonus.

Checks Cleared

The state treasurer reports that every one of the 1,317,086 checks issued in seven years has been cleared — meaning it has been cashed and returned to the state.

The bureau has no estimate of how many eligible Pennsylvania veterans have failed to apply for a bonus.

However, upon each payment a special tabulating card is filed. This bears the veteran's service serial number and an inspection of these shows that some veterans, most likely from Pennsylvania, have failed to receive the money.

The bureau is now preparing another batch of about 225 applications to be paid in the near future.

Eighteen thousand school buses were sold in the U. S. domestic market in 1956.

Out Of The Past

From the Files of the
Star and Sentinel and
The Gettysburg Times

ONE HUNDRED YEARS AGO

Mrs. Eliza Hinard has been ap-
pointed Post - Mistress at New
Chester, in this county, in the
room of Mr. Taughnbaugh, re-
signed.

W. Hamilton Smith, formerly of
this place, and now of Baltimore,
has received the nomination of the
Democratic party there for the
House of Delegates of Maryland.

The barn of Mr. David Guise
of Butler township, was struck by
lightning on the afternoon of the
18th ult. and entirely destroyed,
with all his hay, a wagon and
farming implements. Mr. Guise
succeeded in extricating a horse
from the stable whilst it was on
fire. There was no insurance.

The President left Washington
on Wednesday, for the Bedford
Springs, where he will remain two
weeks. He is accompanied by his
niece, Miss Lane.

Mr. Editor: Permit me through
the columns of your paper to give
a few hints to the town Council
suggested by the frequent remarks
of property holders in that portion
of the town concerning the condi-
tion of the crossings in the lower
part of Chambersburg Street,
particularly the one at the resi-
dence of Mr. Henry Culp. Many
of the citizens will remember that
a few years ago, the Council
graded the street and turned the
course of water which had always
carried down the cross street at the
residence of Mr. Culp and the
intention of this was to beautify
and at the same time to have the
water emptied into the stream at the
lower part of Chambersburg street.

But the great body of water
which flows down this street soon
washed away the loose earth which
formed these crossings and in
many places gullies have been
washed out.

SEVENTY FIVE YEARS AGO
The Largest GAR Encampment—
Thousands of Veterans and Visi-
tors: The semi-annual encampment
of the Grand Army of the Republic
commenced on Cemetery Hill on
Saturday. It is the largest and
thus far has been the most com-
plete and successful encampment
ever held in the state.

As early as Friday large dele-
gations commenced to arrive and
every train on Saturday brought
more. They were met at the train
by the Department officers and
Post 9 of this place. Amidst the
strains the Wacacoe Band and the
boom of cannon they marched to
the camp upon East Cemetery Hill.

Saturday night was spent quietly
in camp, at least comparatively
so, as the boys were generally
somewhat exhausted by the fatigues
of the day.

Taking everything into considera-
tion, the immense number of
people in town, our population
being nearly if not altogether
doubled, there was very little
disorder. There was comparatively
little drunkenness or rowdiness.
Only four arrests were made, none
of whom were connected with the
G.A.R. but of the class of cormor-
ants and camp-followers who are
always found on these occasions.

Littlestown Items: Everybody is
busy. Some of the farmers are
cutting oats; some are hauling it
in; some are threshing; others are
hauling manure and still others
are plowing. There is no interval
any more between harvest and
seeding. This is an active, rush-
ing, progressive age.

ing bicycle trial last week before
Justice Crapster. Ex-Judge Mauls-
by had a Baltimore bicyclist ar-
rested for riding through the main

caused his horse to shy and dan-
gerous for ordinary travel. Im-
portant legal points were raised
and the Justice held the case over
until next Thursday for considera-
tion.

HAPPY FACES
There are none too many happy
faces in this world, so it is good
practice to look long upon them,
wherever they give a glow. Regard-
less of their rarity, sharp eyes
will discover them upon the street
in churches, in stores, in trains and
planes, and in hotels and popular
eating places all over the world.

Happy faces — an interesting
story in every one of them! What
a pleasant sight each is! Many
happy faces have changed an en-
tire day for others with whom they
came in contact. Unknowns, free
and happy in a world full of con-
fusion, questionings, and fears. But
the happy faces that we note in
the course of a day — are they
not valuable blessings that should
inspire us all?

What is behind the smiles of
people? There may be smothered
troubles, disappointments, sorrows
and yet something very fine, as
exemplified by the smile. Mostly, I
believe, these smiles come from
the humbler ones in life. They are
often so brave in giving cheer to
others, and keeping in readiness to
perform some act of kindness and
thoughtfulness.

I have been in many cities where
a marked courtesy, apparently
habitual, impresses visitors. I re-
call San Francisco and New Or-
leans as among the courtesy cities,
through there are scores of them,
and in their stores and public con-
veniences there is a marked cour-
tesy which undoubtedly has brought
to bloom many an otherwise un-
happy face.

Faces reflect the spirit of a town
or city. In cities where there is
full employment, and there is a
pleasant relationship between the
workers and the employers, you
see many happy faces. This is as
it should be. War does more to
create unhappy faces than any-
thing else. Huge as the cost may
be, may we have peace. That will
increase more happy faces than
anything since the birth of Christ.
Tomorrow Mr. Adams will talk
on the subject: "Fingers"

TOOLS
I was sent to the store for a
packet of tacks,
And the owner was gracious to
me.

He wondered if I might have need
for an axe;
He had some he wished me to
see.

He showed me a hammer, a saw and
a plane.
If love is the passion that rules,
Against one temptation I struggle
in vain:

I can't resist looking at tools.

At beautiful ladies I won't boldly
stare.

But at wrenches and chisels I'll
gaze.

For gimlets and drills I have
minutes to spare.

An anvil that's shapely I'll
praise.

I love everything on a hardware
store shelf.

From thumb tacks to carpenter's
rules.

Though I can't use the things I'm
admiring myself.

I can't resist looking at tools.

I was sent to the store for a
packet of tacks,

And the owner was thoughtful
and wise.

He knew I'd be charmed by the
stuff on his racks.

By the gleam that he caught in
my eyes.

He sold me whatever I happened to
choose.

Since I'm one of those soft-
hearted fools

Who is tempted to buy what he
never will use.

I can't resist looking at tools.

Reds Suspected Of Creating Unrest In Guatemala; Many Pay Respects To Late Leader

GUATEMALA, Pa.—The minister
of defense has warned that Com-
munists are spreading rumors in
an effort to create unrest after
the assassination of President Car-
los Castillo Armas.

Col. Francisco Oliva, virtual ruler
of the country during a 30-day
state of siege declared after Cas-
tillo Armas was shot down Fri-
day night, called yesterday for
citizens to report any Red activ-
ity.

The army reported the country
calm and warned it would "re-
press drastically any subversive
outbreak."

Suspects Are Arrested

A government spokesman said
several "suspected accomplices"
had been arrested for questioning
about the assassination by a pal-
ace guard whom officials identi-
fied as a militant Communist.

Castillo Armas was succeeded
by the 56-year-old first vice pres-
ident, Luis Arturo Gonzalez Lo-
pez. Congress went in a body to
set the temporary President, who
told the country and the world
were satisfied with the way con-
stitutional processes were working.

The five political parties, all
pro-government, pledged their sup-
port to the army and ratified Gon-
zalez' assumption of office.
The state of siege might delay
national elections scheduled for
November. Prominently men-
tioned as presidential candidates
are Oliva and Col. Jose Luis Cruz
Salazar, ambassador to Washington.
Over the weekend thousands
streamed by the bier to pay their
respects to the fallen President
who led a revolution three years
ago to oust a Communist-tinted
government. Officials estimated
that more than 200,000 viewed the
body.

The guard, Romero Sanchez,
Vasquez, 24, was trapped shortly
after the killing and shot himself
to death. Officials shoed report-
ers a diary in which Sanchez said
he entered the presidential guard
two months ago to kill Castillo and
"martyr" himself.
Castillo's funeral will be held to-
morrow. President Eisenhower
sent his son, John, an Army
major, to represent him.

BANKER STEALS \$22,600; SHOOTSELF, SETS FIRE

PHILADELPHIA, Pa.—A banker
stole at least \$22,600 then shot
himself and set fire to the bank
records yesterday in a vain at-
tempt to hide his deed, the FBI
said.

Authorities lodged embezzle-
ment and arson charges against
Norman Van Artsdalen, 41, of sub-
urban Springfield, as he lay in St.
Agnes Hospital being treated for
a superficial gunshot wound of the
shoulder.

Was "Working"

Van Artsdalen, manager of the
Marconi Savings and Loan Assn.
in South Philadelphia, was found
crawling from the bank yesterday
morning by a passer-by who saw
smoke pouring from the institu-
tion.

Van Artsdalen told investigators
he went to the bank to work on
some end-of-the-month state-
ments.
He was quoted as saying he was
coming up basement stairs in the
bank when he was slugged on the
head and lost consciousness. When
he awoke he saw fire in the vault,
crawled to a window and dropped
out onto the street. He said he
didn't know he had been shot until
doctors discovered it.

Planned Surprise

Carl E. Hennrich, agent in
charge of the FBI office here,
said Van Artsdalen went to the
bank Saturday night and removed
the money from a vault. He then
wrapped it in a package and
brought it to the home of friends.
Hennrich said, telling them it was
a surprise for his wife and asking
them to keep it over the weekend.
Hennrich said \$22,600 had been
recovered and that another \$6,000
was missing and may have been
burned in the vault fire. In the
vault, investigators found a 22-
caliber pistol, partly melted by
fire, from which one shot had
been fired.

Boy Drowns When Cruiser Explodes

ELKTON, Md.—A five-year-
old Chester, Pa., boy was pre-
sumed drowned and his father and
three other adults were seriously
burned yesterday when a cabin
cruiser exploded on the Northeast
River.

George Johnson Jr. could not be
found following the explosion
which blew off five passengers
aboard the 20-foot boat into the
water.

George Johnson Sr., 35; Fred-
erick Marklin, 62, his wife Marian
Marklin, 58, all of Chester, and
Frederick's brother, Adolph Mark-
lin, 59, of San Diego, Calif., all
were taken to Union Hospital.
Frederick Marklin was reported
the most seriously burned with
injuries to his arms and legs.

State police said the group ap-
parently had engine trouble and
were trying to start the engine
when the explosion occurred.
Nearby boats picked up the four
adults.

SEES STREAMS HARNESSSED FOR WATER SUPPLY

By JOHN KOENIG JR.

WASHINGTON, Pa.—Rep. Corbett
(R-Pa.) said today the time is
coming when every waterway in
Pennsylvania will have to be "har-
nessed" in order to guarantee an
adequate water supply for domes-
tic and industrial purposes.

"It won't come in our day, but
we should do the spade work
now," he told a newsman.

One of the key preparations for
a sufficient water supply for the
anticipated greatly increased popu-
lation of the future, he said, is
the proposed Kinzua, Pa., dam on
the Allegheny River in Warren
County.

Awaits Action

Billed largely as a flood control
project, Corbett believes its water
supply functions will be just as im-
portant.

At present, the Kinzua Dam ap-
propriation—one million dollars to
begin construction—is awaiting its
turn for action in the Senate while
debate proceeds on civil rights leg-
islation.

The Kinzua project is one of
many included in an omnibus pub-
lic works bill already approved by
the House and by a Senate commit-
tee.

Other Controls

In addition to the million dollar
starter for the Kinzua Dam—ex-
pected eventually to cost in the
neighborhood of 125 millions—the
omnibus bill includes appropri-
ations for other flood control pro-
jects which also should aid the
water supply of the future.

These include: Bear Creek Res-
ervoir, \$2,200,000; Bradford, \$500,-
000; Dyberry, \$2,000,000; Promp-
ton, \$1,700,000; Stillwater, \$2,000,000.

Funds for planning and surveys
include: Curwensville, \$50,000;
Kettle Creek, \$215,000; Bethlehem,
\$100,000.

The good burghers of Milwaukee likely will concede the Cardinals have a beauty in Von McDaniel. But if they're beckoning to their own Gene Conley today with their widest grin of the year, who can say they don't have a point?

Almost buried beneath 18-year-old Von's brilliant one-hitter yesterday that touched off St. Louis double-header sweep of Pittsburgh was another big game from Conley that kept the Braves in first place in that torrid National League scramble.

In a month, the 6-8 right-hander, a native Oklahoman like McDaniel, has worked back to the form that made him one of the league's toughest a few seasons ago. His six-hitter enabled the Braves to defeat New York 5-3 and split a double-header with the Giants. It was his fifth victory in his last six decisions—all since he found the combination back on June 26.

Beaten By Antonelli
With McDaniel's one-hit masterpiece winning the first game 4-0 and Joe Cunningham's 11th-inning homer the second 9-8, the Cardinals chopped Milwaukee's lead to half a game. The Braves had lost the opener to ex-mate Johnny Antonelli's six-hitter 2-0.

Brooklyn, with Johnny Podres winning his ninth, beat Cincinnati 7-2 to move within 1½ games of the top and drop the Redlegs 2½ games behind Milwaukee in a fourth-place tie with Philadelphia. The Phils had a happy day in Chicago, topping the Cubs 3-2 for Curt Simmons' 10th and 7-1 as rookie ace Jack Sanford won his 14th against three losses with a six-hitter.

Chicago's second-place White Sox moved up to within 3½ games of the front-running New York Yankees in the American League, defeating Baltimore 4-3 while the Yanks settled for a draw in a 7½-hour double-header with Detroit. Lou Sleater's clutch relief saved the first for the Tigers 6-5, but Bill Skowron's run-scoring triple off a weary Billy Hoft beat Detroit in a 15-inning heartbreak.

Ted Williams, his bat mark up to 376, slammed his 29th homer, a double and two singles to lead a Boston comeback that beat Cleveland 9-8, and Kansas City won twice from Washington, 6-2 and 3-2 in 11 innings.

The Braves broke out with four runs on four hits in the fourth inning to win for Conley. Willie Mays hammered six hits in eight trips, four in the first game.

Gene Baker's double with two out in the second inning was the only hit off McDaniel, who didn't permit another baserunner in running his record to 5-2. Hoyt Wilhelm won his first in relief as the Cards scored three in the nightcap ninth to tie the score and set the stage for Cunningham's winning homer off Nelson King.

Grand Slam For Furillo
Carl Furillo's grand-slam homer, eighth of his career, cost Cincinnati's Brooks Lawrence his seventh loss in 18 decisions and was more than enough for Podres to win his ninth.

The Phils got two RBIs from Gran Hamner in each game and a decisive three-run homer from Ed Bouchee in the second against the Cubs.

Paul Foytack won his 12th in the opener from the Tigers at New York, thanks to 2 1-3 hitless innings of relief from Sleater. Hoft went all 14 1-3 innings of the nightcap, losing when Skowron's triple followed a walk to Mickey Mantle with one out in the 15th. Bob Grim won in relief.

Chico's Features
Bill Fischer's tidy relief pitching and Larry Doby's two RBIs featured the White Sox victory.

With Williams blasting away to win for George Sauer over Don Mossi, Cleveland's Vic Wertz and Rocky Colavito wasted a big day at the plate. Each slammed two home runs, Wertz driving in five runs and Colavito three.

Hal Smith's single scored Hec Lopez with the A's deciding run in the nightcap at Washington after Alex Kellner had pitched a five-hitter and helped himself with a home run in the first game Kansas City victory.

"Iron Man" Angie Wins For Erie Nine
ERIE, Pa. (AP)—If Angie Palmero is a mite tired today she has good reason—she pitched the Erie Skippers to the state women's amateur softball championship in something of an "iron man" stint.

The Reading Breeze Inn team was undefeated and Erie had lost one game when yesterday's final rounds arrived in the annual double elimination tournament.

Miss Palmero pitched the Skippers to a 3-2 victory over Burgettstown then hurled her team to a 4-3 victory over Reading.

But Reading still had a chance until Miss Palmero went to work. She not only pitched her team to a 4-3 victory but knocked in what proved to be the winning run with a seventh inning double.

Blue Ridge Summit and Union Bridge kept up their close race for first place in the Pen-Mar Baseball League by registering victories Sunday afternoon but one game may produce a protest.

The Summiteers topped Emmitsburg 10-5 but the losers are expected to protest alleging Blue Ridge used an ineligible player. Union Bridge gained a 9-4 decision at Taneytown.

Cashtown evacuated the cellar by triumphing 6-2 over Fairfield on the Cashtown diamond. "Skip" Fisel scattered six hits to Fairfield in tossing the victory. Fairfield scored in the first inning despite three strikeouts by Fisel. Johnson was hit by a pitched ball and scored on Wertz's double. The other run came in the fourth when, with two out, Johnson walked and raced home on Spence's triple.

A single by Rohrbaugh, sacrifice by Rebert, walk to Dolly and double by Kitzmiller gave Cashtown two runs in the second. Another run came in the third on a walk to Single and singles by Rohrbaugh and Rebert. The fourth run resulted in the fourth when D. Bucher and Single walked and, on attempted double steal, Bucher raced home when Spence threw wild to third.

The final runs in the seventh were the result of an error, a stolen base, Herring's single, an out, a hit batsman and Rebert's single.

PHILADELPHIA (AP)—The Pennsylvania Lawn Tennis Championships, touted as a possible Davis Cup preview, have indicated one thing—that Ashley Cooper is the top defending champion Australian have to offer at this time—and he is by no means invincible.

Cooper, best of the Aussies' tennis crop, defeated Vic Seixas, the best of an American crop yesterday 6-3, 7-9, 6-4, 7-5 to win the Pennsylvania crown and foil "old man river" Seixas in his bid for an eighth state title.

But that match, and others involving Texan Sammy Giammalva and Aussie Neale Fraser indicated there is little to choose between the U.S. and Aussie squads.

Seixas Fights
As the scores indicate, Cooper had no easy time with Seixas, who at 33 years, should be past his peak.

Even so, Seixas had no trouble in his semifinal match Saturday

in ousting Fraser and Giammalva, also a Davis Cup player, extended Cooper before bowing in an hour and 13 minute match.

In other competition yesterday Giammalva and Whitney Reed, Alameda, Calif., defeated Seixas and Mike Green, Miami, Ohio, for the men's doubles title, 6-4, 6-4. Martha Hernandez, Mexico City, and Ron Holmberg, Brooklyn, defeated glamour girl Karol Fageros, Miami, and Maxwell Brown, Louisville, for the mixed doubles crown, 6-3, 7-9, 6-3.

Saturday, Mrs. Dorothy Head Knode, Forest Hills, N.Y., beat Darlene Hard, Montebello, Calif., for the women's singles title.

PATTERSON IS SOLID FAVORITE TO KEEP TITLE FROM JACKSON

NEW YORK (AP)—Heavyweight champion Floyd Patterson is a solid 5-1 favorite to whip tireless Tommy (Hurricane) Jackson in their 15-round title fight at the Polo Grounds tonight but the eccentric challenger thinks he's a cinch to win.

"I'm gonna chop him up," says Jackson, 25. "I only wish the fight could be to a finish with the man standing at the end being the winner."

If it was an alley brawl without any officials Jackson certainly would rate a better chance. But over the 15-round distance, Tommy's chances appear as slim as the odds against him. The odds are 8-5 that Patterson, 22, making the first defense of the crown he won by flattening Archie Moore last Nov. 30 in five rounds, will stop Jackson in their return bout.

Patterson won his way to the Moore split and the title by gaining a split decision in 12 rounds at Madison Square Garden June 8, 1956. He broke a bone in his right hand in the fifth round but rocked Jackson repeatedly with volleys of lefts and rights to the head.

The pick here is Patterson on a technical knockout within 10 rounds.

Always a fast puncher, Floyd has been concentrating on power in his workouts for Jackson. Instead of jumping around the ring, the champion has been setting his feet and concentrating on thumping wallop to the body and head.

At first Floyd expressed doubt that the 6-2½, 194 pound Jackson could be knocked out. Later, he said he thought he might be able to do the job.

"I'm going to fight him more," said Patterson, who fought in spurts the first time because of his injured mitt. "If the opportunity comes for a knockout I'm going to go for it. If it goes the limit, I'm confident I'll win anyway. I know he has plenty of endurance but no matter what pace he sets I know I can more than match it."

There has been hardly any warring on the bout and there hasn't been any great rush to the box office for dress manufacturer. Emil Lence's first promotion of a heavyweight title fight—the first such by an independent promoter since the International Boxing Club stepped into the fight picture in 1949.

Just the same Lence is confident that with a break in the weather he can gross \$350,000. This plus the \$175,000 for the radio-television rights could assure the tiny promoter of a smash success. The prospects, however, indicate a crowd of 25,000 and a gate of \$250,000. That could put Lence in the black too.

Patterson has been guaranteed \$175,000 against 40 per cent of the gate and radio-TV money Jackson collects 20 per cent.

The only time the durable Jackson ever was stopped was by Nino Valdes on three knockdowns in one round on July 14, 1954.

A pro since 1952, Jackson has a 29-5-1 record, including 13 knockouts.

Patterson's record is 31-1 including 22 knockouts. His only loss was a disputed eight-round decision to Joey Maxim, the former light heavyweight king, in June 1954. He broke into the pro ranks in 1952 after winning the Olympic 165-pound title at Helsinki, Finland.

Playoff Win Top Boudreau Thrill
KANSAS CITY (AP)—"Beyond any doubt my greatest baseball thrill came in the 1948 American League playoff game when Cleveland beat Boston and earned the right to meet the Boston Braves in the World Series," says Lou Boudreau, Kansas City manager.

Boudreau played shortstop and managed the Cleveland Indians in 1948. In the playoff, the only one in American League history, he belted two home runs, two singles and drew a walk for a perfect day.

His first homer cleared the left field wall in Boston by two feet to put his team ahead 1-0. In the fourth he hit another left field homer with two mates aboard to give Cleveland a 4-1 lead.

Gene Bearden pitched for Cleveland. He says he didn't know the game was over until "I was carried off the field."

in ousting Fraser and Giammalva, also a Davis Cup player, extended Cooper before bowing in an hour and 13 minute match.

In other competition yesterday Giammalva and Whitney Reed, Alameda, Calif., defeated Seixas and Mike Green, Miami, Ohio, for the men's doubles title, 6-4, 6-4.

SEN. JACKSON SUPPORTS JURY TRIAL IN BILL

By JOHN CHADWICK
WASHINGTON (AP) — Sen. Jackson (D-Wash.) supported today a jury trial amendment to the civil rights bill. He said he was unwilling to "endanger one civil right to guard another."

His stand in a prepared Senate speech lined him up on the jury trial amendment to the civil rights bill. He said he was unwilling to "endanger one civil right to guard another."

The jury trial proposal shaped up as the issue that may determine the course of the battle over the House-passed measure, on which the Senate now is starting a fourth week of debate.

Filibuster Threat
If a jury trial amendment is adopted, indications are that the Senate may pass the bill late this week or early next week. If not, a Southern filibuster may break out and prolong the fight indefinitely.

Sen. Russell (D-Ga.), leader of the Dixie forces, said he thinks the vote on the jury trial issue will be very close.

No Jury Trial Now
The jury trial issue springs from the authority the bill would confer on the attorney general to obtain federal court injunctions against violations or threatened violations of the right to vote.

Under present law, defendants in contempt of court cases growing out of injunctions obtained by the government are not entitled to a jury trial.

An amendment offered by Senators O'Mahoney (D-Wyo.), Kefauver (D-Tenn.) and Church (D-Idaho) would provide for jury trials in all criminal contempt cases — whether they involve civil rights, labor disputes or anything else and regardless of whether the government is a party to the proceedings.

Penalty Provided
Criminal contempt proceedings are designed to punish a person for willful disobedience of an injunction or other court order. The maximum penalty under the amendment would be a \$1,000 fine or six months in jail, or both.

In civil contempt cases, aimed only at obtaining compliance with a court order, no jury trial would be provided. If a person were sent to jail, he could purge himself of contempt and go free at any time by agreeing to comply with the court's order.

The use of injunctions to enforce civil rights generally, not just voting rights, was provided for in the bill as it passed the House, but the Senate struck out this section last week by a 52-38 vote.

Jackson, one of 13 Democratic senators who voted against erasing this part of the bill, said he deeply regretted that the proposed injunctive power had been limited to protecting voting privileges.

Traditional Rights
"I have voted with those who sought to preserve the substance of this bill," he said. He termed it "a moderate attempt to advance the constitutional status of minority groups in the United States."

But although he said he was opposed to further amendments that would "undercut" the bill, he declared that "the right to trial by jury should not be cast aside because Southern jurisdictions might fail to convict for reasons not germane to the case."

"Trial by jury, just as the right to vote, is one of our traditional civil rights," he said. "We need not be so fearful for the future of voting rights that we now endanger one civil right to guard another."

STOP ATTACKS ON TRIBESMEN
MANAMA, Bahrain (AP) — Informed sources said Saturday the RAF has called off its air attacks on rebels who have been in revolt in Oman and Muscat.

Reports here said the assaults would be suspended while the RAF studies damage caused by rocket-firing jets which have been peppering rebel strongholds since Wednesday.

Unofficial reports from London earlier said the attacks would be held up for a couple of days while an attempt is made at negotiating with the insurgents led by Oman's religious leader, the Imam Ghalib Ben Ali.

Sultan's Flag Flies
Reports from the combat area said the sultan's red flag was flying over rebel strongholds which had run up the Imam's black banner of holy war.

London reports said the jet assault had been stopped after pilots noted the red flag of the sultan fluttering over a key rebel fort at Izki, indicating it had surrendered.

For three consecutive days the jets poured rocket fire on the Izki fort and the rebel barracks in the ancient Oman capital of Nizwa. British officials said the aim of the attacks was to show the rebels what they faced if they refused to abandon their revolt which the British acknowledge is a test of their power and prestige in the Middle East.

Prisoner Leaves Hospital In Pajamas
PATERSON, N.J. (AP) — With most of a 30-day jail sentence over his head, a man who had just had his appendix removed walked out of St. Joseph's Hospital yesterday. He was still at large today.

Police said Charles Umpstead, 20, had an emergency appendectomy Friday night after complaining of pains. He had been sentenced to the county jail Thursday on a disorderly conduct conviction.

The hospital said he disappeared wearing only a bathrobe and pajamas.

ARAMBURU WINS GREAT VICTORY IN ARGENTINA

BUENOS AIRES (AP) — Moderate parties scored a dramatic election victory yesterday for caretaker President Pedro Aramburu in his drive to reform Argentina's constitution.

With more than 7½ million votes counted, pro-reform parties held a two to one lead in the popular vote and appeared headed for a combined working majority in a new 205-member constituent assembly. Boastful Peronists suffered a setback.

Unofficial calculations thus far in the complicated proportional representation system gave the pro-reformists at least 75 seats to the anti-reformists 35. The faction with at least 103 seats will control the assembly in this first election since Juan Peron's overthrow in September 1955.

1,863,992 Blank Votes
Nearly complete popular vote returns gave the moderate parties 3,922,205 votes to 1,860,302 for the anti-reformists. Peronists had called on their followers to vote blank to give the exiled ex-dictator a moral victory. He had boasted from Venezuela a few days ago he would receive 75 per cent of the vote. The nearly complete returns showed 24 per cent blanks.

Nevertheless, the blank votes total, 1,863,992, was second to the party that polled the highest total — the People's Radical Party, led by reformist Ricardo Balbin, which polled 1,927,663.

Nationalist Arturo Frondizi's left-wing radicals trailed Balbin by almost 250,000 votes. Frondizi, the only announced candidate for president, pleaded for Peronists to vote for his party.

The Communists, who had their own ideas about reforming the government, received about 207,000 popular votes, far more than they received in previous elections.

Truck Driver's Plea Ends In Cover-up
LOCK HAVEN, Pa. (AP) — A truck driver's plea for help ended in a police cover-up.

With \$5 from the trucker, the policeman went to a store and bought a new pair of pants. They were badly needed. The trucker wasn't wearing shorts.

IMPROVED WATER
MEXICO CITY (AP) — The government's department of water resources plans to spend \$16,000,000 in 1957 on giving good drinking water to more of the population.

Many, especially in small villages, now are forced to drink dirty and unhealthy water from tanks and rivers—and have to carry it long distances in some cases.

M'CARTHY NOT VOTING ISSUE IN WISCONSIN

MADISON, Wis. (AP) — The controversial record of the late Sen. Joseph McCarthy (R-Wis.) is expected to be only a minor issue Tuesday when Wisconsin voters will nominate in a special primary party candidates for the remainder of his term.

The balloting could become instead, a Wisconsin test of the so-called modern republicanism of the Eisenhower administration.

There has been little mention of McCarthy or his policies in campaigning by seven Republican and two Democratic candidates seeking to become his successor. A special election Aug. 27 will name a senator to complete the term expired in January 1959. McCarthy died May 2 of a liver ailment.

Only one of the GOP candidates had made an outright bid for the support of McCarthy backers. He is State Sen. Gerald Lorge, 34, of Bear Creek whose slogan has been "elect another fighting Marine." But apparently Lorge, from McCarthy's home county, has won support from only a small bloc of the late Senator's backers.

The possible test of "modern republicanism" could come in the showdown between the two favored GOP candidates, three-time former Gov. Walter Kohler Jr. and former Rep. Glenn Davis

Gina Has Big Boy; Looks Like Father

ROME (AP) — A dark-haired baby born to Gina Lollobrigida looks just like the famous film beauty's doctor husband, she says.

The 6-pound, 11-ounce boy was born yesterday four hours after

Dr. Milko Skofic rushed his wife out of their Applan Way villa to a clinic. They drove across a field on the way to avoid reporters.

The infant, to be named after his father at Gina's request, is the first child for the couple, who married in 1949. Skofic is a Yugoslav who escaped from a German concentration camp in 1942.

The 29-year-old actress plans to back before cameras this fall.

GREENCASTLE RECALLS 764 INDIAN RAID

That the Indian once brought terror to residents of the area was recalled Friday when the 133rd anniversary of the mass murder by Indians of children at a little school house near Greencastle was quietly marked by those residing in the area.

The scene of the massacre is marked today by a 20-acre park site and two granite monuments dedicated in 1885 when \$1400 was donated for the Enoch Brown Park and monument by private citizens, teachers and pupils of Franklin County schools and Sunday School. Today the park is little known outside its immediate area. 5,000 attended the dedication on August 4, 1885.

The tragedy occurred on a warm July 26, 1764. Eleven boys and girls marched off to school that morning, for their classes continued through the summer to take advantage of the good weather.

All except one of the children had dressed that morning in clothes which they were never to take off again. They carried lunch baskets filled with bread and cold meat which was never to be eaten.

Sound Alarm

Two of the youngsters arrived at school breathless with the news of Indians in the nearby woods.

Teacher Enoch Brown listened to the tale, but apparently turned down whatever chance he had of evacuating the building in safety. Despite the fact that Pontiac's War was raging, it is not likely that the schoolman was armed.

Classes opened with a prayer. Teacher Brown had scarcely closed his Bible before the doorway was shadowed by three Indians.

Shoot Teacher

The appearance of the redskins was "threatening," legend relates. It goes on to tell that Brown was shot through the chest even as he pleaded for the lives of his young charges. The teacher fell dead, with his Bible still under his arm.

The hideous uproar which followed was short-lived. All of the pupils were tomahawked and scalped before the savages fled from the building.

Later, it is related, the Indian murderers were denounced by their own people as "cowards." No one was ever certain whether or not they had been inflamed by the white man's fire-water or if the senseless slaughter resulted from sheer cruelty.

Found At Spring

One little boy survived. Archie McCullough was found nearby at Linn's Spring, dipping his hands in the cool water and trying to wash away the blinding flow

TAKES UP HIS ANNUAL "RAIN WATCH" TODAY

WAYNESBURG, Pa. (AP)—Atty. John Daily, the self-styled "Weather Prophet" of this Greene County community, took up his annual "rain watch" today.

For years Daily has bet that it will rain within the borough limits sometime on July 29th. Statistics favor him. In the past 80 years it has failed to rain here only eight times on a July 29.

This year Daily offered his usual

of blood from his disfigured head. The schoolhouse clearing was strangely peaceful and quiet as Archie sat by the spring. He saw only a haze of red however, and he heard a screaming echo that was to stay with him forever.

The smaller of two monuments at the park designates the common grave of Teacher Brown and the 11 boys and girls whose parents kissed them goodbye and sent them off to school on that warm July morning.

wager of a hat to Bob Considine, newspaper and television personality. Considine said he'd give Daily an umbrella if it rains.

Showers Predicted

The weather bureau has predicted scattered thundershowers for the area.

Former heavyweight champion Jack Dempsey is one of the few who have won. He got \$50 in 1946 but turned it back to the city to help pay for a new community swimming pool.

Edgar Bergen and his sidekick Charley McCarthy won a hat in 1948. That year Waynesburgers did their damnest to make it rain—donning raincoats and rubber boots.

DRAWER REFLEX
SAN DIEGO, Calif. (AP)—A burglar used a physician's reflex hammer—the little one he taps your knee with to make your leg bounce—at the office of Dr. Jacob Wenig. The thief tapped the desk drawer. It bounced open and he took the \$200 inside.

Starting in 1920, hitters in the major leagues received credit for a home run when a game-winning hit left the park in the last of the ninth inning.

DULLES FLIES TO LONDON AT IKE'S REQUEST

By RONALD THOMSON
LONDON (U.P.)—Secretary of State Dulles was flying to London today to take a personal hand in the stalled five-power disarmament talks at President Eisenhower's request.

One prime purpose of the trip reportedly was to work out a precise "open skies" plan for Europe which the European allies would support.

Dulles will confer with Harold E. Stassen, chief U.S. delegate to the U.N. Disarmament subcommittee, and with Britain's Prime Minister Macmillan and Foreign Secretary Selwyn Lloyd.

Called Major Event
British newspapers described the secretary's visit as a "major event in international affairs" and expressed hope it would provide a turning point in the long efforts to end the East-West arms race.

Officials in Washington said what Dulles learns in his consultations may decide whether the disarmament talks should continue or recess.

The U.S. diplomat and his aides came here from talks with Prime Minister John Diefenbaker of Canada, one of the participating nations in the subcommittee talks.

Canada Supports
Dulles was reported to have received Canada's support for the U.S. proposal for mutual aerial inspection of arctic zones in Canada and Soviet Russia as one phase of a first-stage disarmament agreement.

Dulles' arrival coincided with presentation at the five-power talks of U.S. proposals for implementing Eisenhower's plan for aerial inspection zones on both sides of the Iron Curtain.

May See Paris
The open skies plan calls for a check on whether any arms reduction or control agreement is being faithfully carried out.

One report said Dulles may make a flying trip to Paris to confer with the North Atlantic Treaty Council on the open skies issues.

Stassen would present whatever detailed plan ensues from the Dulles talks to the Russian delegation. The Soviets then are expected either to request a recess to study the idea or respond at once with a counterproposal.

POLICE CAPTAIN IS KILLED BY JEALOUS WIFE

BETHLEHEM, Pa. (U.P.)—An argument between police Capt. Joseph Kresge and his wife over his alleged attentions to other women ended with his death Saturday night, Det. Capt. Michael Fox said.

Fox said Mrs. Ethel Kresge, 45, confessed shooting her husband with his own 38 calibre service revolver shortly before midnight. The first police knew of the incident was from her telephone call to headquarters in which she told Chief Raymond R. Reuter, "there has been a tragedy," and asked him to come to the Kresge home.

There investigators found the 43-year-old police officer dead on the couple's bedroom floor. He had been shot in the abdomen and neck. The weapon lay near him.

Had Argued Continually
Fox said Mrs. Kresge, taken to St. Luke's Hospital for treatment of shock, at first insisted "she did not know how it happened." But yesterday morning, he said, she gave a bedside confession in which she stated they had argued continually over his alleged attentions to other women.

The couple's two children, Georgeanne, 19, and Richard, 16, learned of their father's death after returning home about midnight after being out with friends.

Dist. Atty. Edward G. Ruyak quoted Mrs. Kresge as saying her husband threatened to leave her. Ruyak said no charge would be placed until Mrs. Kresge left the hospital.

INVESTORS IN STEEL STOCKS GROWS STEADILY

By JOHN MOODY
PITTSBURGH (U.P.)—The steel industry is paying annual dividends on its profits to more than 885,000 individual stockholders—a number in excess of total employment in steel offices and mills.

The number of investors in steel stocks has grown steadily in the last 20 years with a notable increase of 117,000 in the last two years.

Today the industry reports there are a total of 885,861 individual stockholders—about 61,000 more than the average of 824,000 employees on steel firms' payrolls in 1956.

Earnings Over Billion
Total net earnings for 1956 were not available but the industry said the 52 companies in 1955 reported net earnings of \$1,097,934,407 and declared cash dividends of \$437,686,279.

The dividends were equal to three cents on each sales dollar. Sales in 1955 totaled \$13,885,183,954.

United States Steel Corp., the world's largest producer, reported at the end of 1956 that 110,485 women and 90,681 men owned a total of 30,790,567 shares of the firm's common stock.

Another 4,397,057 shares of its common stock was held in joint accounts.

No Individual Control
Big Steel said charitable and educational groups, trustees, guardians, estates, brokers, insurance companies and other industries held the remaining 18,511,996 shares of outstanding common stock.

Roger M. Blough, U.S. Steel's board chairman, said the firm had 308,388 registered holders of preferred and common stock at the end of 1956.

Blough said no individual stockholder holds as much as three-tenths of one per cent of either the preferred or the common stock.

He said the largest holding of both preferred and common stock among other than individual holders is about 1 1/2 per cent of both classes—common and preferred.

Yama Bahama, Birming middleweight, won 23 straight boxing bouts in 1956. He was christened William Butler.

SEEK FOUR WHO ESCAPED MUNCY

MUNCY, Pa. (U.P.)—Police continued their search today for four of six inmates who escaped yesterday from the Muncy State Industrial Home for Women.

Miss Cella Gray, superintendent of the home, said two of the women were captured yesterday less than five hours after the six inmates overpowered a matron and escaped.

Miss Gray said the inmates knocked down Miss Vera Baker to make good their escape. The two returned to the home were picked up by police in a wooded area two miles from the institution.

The recaptured escapees were identified by Miss Gray as:

Rosemary Pelligrino, 16, of Pittsburgh; and Sally Tiertoni, 16, of Luzerne County.

The others who escaped were identified by Miss Gray as:

Anita Sanderson, 29, of Pittsburgh; Betty Zachman, 32, of Boone, N.C.; Emma Jane Jennings, 20, Pittsburgh, and Jacqueline Powers, 17, of Philadelphia.

RATTLESNAKE MEAT ON MENU

WARRIORS MARK, Pa. (U.P.)—Dr. Fred Bolman, president of Franklin & Marshall College, and Dr. H. Thompson Dale, of State College, Pa., are the newest members of the Ancient Gastronomic Order of Rattlesnakes.

They were initiated Saturday night at the organization's annual banquet at Fairbrook Manor, a 30-room stone house near Pennsylvania Furnace.

Club members—there are now 52—ate rattlesnake meat while two live rattlers wiggled and thrashed around in a glass case near the dinner table.

Trout and groundhog meat also were on the menu.

The head of the club is Bob Harpster. His title is grand imperial rattler.

Harpster stressed that club members eat only freshly killed rattlesnake meat.

"We look down our noses at those who eat the canned stuff," he said.

Humphrey Hands Over U.S. Treasury Reins To Anderson

By STERLING F. GREEN
WASHINGTON (U.P.)—Secretary of the Treasury George Magoffin Humphrey today hands over to Robert Bernard Anderson the management of the nation's finances.

The resignation of Humphrey, often called the "strong man" of the Eisenhower Cabinet, takes effect when his 47-year-old successor is sworn in in the Cabinet Room of the White House.

Humphrey, 67, is expected to become board chairman of National Steel Corp. He has said the government should not be run by "doddering old men" because "there's no future for the Republican party in that."

Democrat For Ike
His successor has crammed high honors and great responsibilities into his shorter life. Eisenhower picked Anderson to be secretary of the Navy in 1953, then made him deputy secretary of defense.

Born in Burleson, Tex., Anderson was just 31 when he became general manager of a 300-million-dollar cattle, oil, farming and real estate empire, the W. T. Waggoner estate in Texas.

He was a Texas Democrat-for-Eisenhower in 1952, and left the Waggoner estate willingly when the President beckoned him to Washington to become boss of the Navy. Anderson had never been even an ordinary seaman, because of a slight limp left over from a polio attack at age 3.

Thieves Nabbed For Being Considerate

MIAMI, Fla. (U.P.)—Two holdup men agreed with restaurant manager Ulys Brogan it would be a shame to get his clothes dirty by lying on the floor, as they had ordered.

The bandits carefully spread paper napkins on the floor. Brogan stretched out. Meanwhile the cook, Anthony Neilson, 65, slipped away and telephoned police.

Officers nabbed two men emerging from the restaurant early yesterday and booked them as John L. Munkhoff, 27, and Buddy S. Klein, 27, for investigation of armed robbery.

He left the government in 1955 to become president of Ventures, Ltd., of Toronto, a mining properties holding company at a reported salary of \$60,000 a year. Today his pay gets cut to the Cabinet level of \$25,000.

Meanwhile, Anderson has become a registered Republican and a legal resident of Greenwich, Conn. He is said to be Humphrey's own choice to take over the No. 1 job at the Treasury.

CONVICTED SEX OFFENDER HELD FOR 2 MURDERS

BROCKTON, Mass. (AP) — Raymond F. Ohlson, a 20-year-old convicted sex offender, pleaded innocent today to two charges of murder in the woodlands stabbing of two young brothers last Friday.

Ohlson was held without bond by Associate Justice Maurice J. Murphy in Brockton District Court. Murphy ordered a continuance to Aug. 8.

The slightly built Ohlson was charged with the deaths of John Logan, 12, and his brother, Edward, 11, by stabbing them repeatedly after marching them at knife point into the woods from a public pond.

Attacked Other Boys
Ohlson, wearing gray trousers and an open-collared light shirt, was handcuffed between two police officers during the 10-minute arraignment. He was taken back to Brockton jail after the proceedings to await transfer to the Plymouth County jail at nearby Plymouth.

Ohlson was released from Concord Reformatory only seven weeks ago after serving six years for an attack on another boy.

Ohlson's criminal record shows he was arrested for sexual assault on a 3-year-old boy in 1949 and was released to his parents' custody. In 1950 he was arrested for a brutal sexual attack on a 12-year-old boy and was sentenced to the reformatory for 10 years.

Police Sgt. John Flynn said Ohlson reenacted the crime after admitting the double slaying.</
